Highlights – Admissions (2019-20)

- The overall admission in both Shift I and Shift II continues to be encouraging while compared to the previous years with 75.15% in Shift I and 64.11% in Shift II for UG courses.

Shift I

- As usual there was a great demand for B.Com and the maximum applications received were only for that course. There were no significant number of applications separately for B. Com CS, B.A CE and BBA, and only with the counseling the students opted for B.Com were admitted to these courses.
- Surprisingly there was no significant number of applications received for B.Sc. CS and we filled 45 seats with 5 seats vacant.
- The students admitted were with average marks between 300 to 400 out of 600 marks in B.Com and B.Com CS and even less than 300 out of 600 in B.A CE and BBA.
- The admissions in B.Sc. (Mathematics) are alarmingly not good as only 14 seats were filled and 55 seats are remaining vacant.
- In Shift I out of 330 seats 248 seats were filled in this year, 2019-20.

Shift II

- In Shift II, this academic year we see surprisingly a great demand for BCA and almost 44 were filled out of 50 seats.
- In BBA 40 seats were filled and 30 seats are remained vacant.
- Though we got a slight raise in the number of admissions in B.Sc. (Micro Biology) compared to the previous academic year, but still more than 50% seats are vacant.
- The admission in four UG courses B.A. (English), B.Sc. (ISM), B.Sc. (CS) and B.Com. (CA) was not given for not receiving considerable number of applications and these courses are continued to be suspended in this academic year (2019-20) also.
- So minus these four UG courses the admissions in three UG courses (BCA, BBA and B.Sc. Microbiology), out of 170 seats, 109 were filled bringing the admission percentage a little up to 65.29% in this year, 2019-20.

PG Courses & Research Programme

- The admission in the PG courses continued to be disappointing and unsatisfactory as only 4 students were admitted in M.Com course and 1 student joined M.Sc. (IT).
- 0 students were only got admission in this academic year 2019-20.

- Applications were not received for M.A. (English) and M.Sc. (Mathematics) and thus these courses too are continued to be suspended in this academic year (2019-20) also.
- The admissions in the research programmes, M.Phil. (Commerce, Computer Science, English and Mathematics) (PT/FT) was very poor as only 1 part-time student joined M.Phil. (Computer Science) and 2 students joined M.Phil (English) full time course in this academic year.
